Titlis upholstered bed made of fine materials

Elegance for individualists. The Titlis upholstered bed is perfect for individualists who love to mix and match. Thanks to its modular structure, its flexibility is unrivalled. Make yourself comfortable.

With the Titlis bed, the Hüsler Nest lies directly on a solid wood basic frame. The sleeping system is enclosed by a removable upholstered cover. This results in a very attractive, cost-effective alternative to conventional bed frames. This version is also very suitable for smaller bedrooms, as the lack of a bed surround saves space.

The headboard is available in a variety of leather and fabric options, while the feet and runners are available in different types of wood. The Liforma spring element inside creates ideal conditions for a relaxing night's sleep, both climatically and ergonomically. The removable upholstery cover fulfils the highest demands in terms of both aesthetics and hygiene.

- Compact Hüsler Nest bed incl. sleeping system
- The padded mattress cover encloses the entire sleeping system including the basic frame.
- No metal parts
- Can be disassembled
- Optionally with Cube or Button headboard
